

Catch-Up Premium Funding Report 2017/18 and 2018/19

Name of School	Eden Boys Bolton
-----------------------	-------------------------

The literacy and numeracy Catch-up Premium provides schools with additional funding to support Year 7 pupils who did not achieve the national expectation in reading and/or mathematics at the end of Key Stage 2.

How much funding did the school receive in 2017/18 for catch up premium and how many pupils was this intended to support?

£4,954.00

What did the school spend it on?

Area of spend	Amount spent 2017/2018
Contribution to intervention resources	£1,200.00
Contribution to Software to support Reading and numeracy programmes	£1,000.00
Contribution to after school intervention in English and Maths	£3, 231.00
Total spend	£5431.00

What were the reasons for these spending decisions?

Students who start secondary schools with entry levels below national expectations in literacy and numeracy are at significant disadvantage. With detailed intervention and support, this disadvantage is known to continue and get worse throughout their secondary school career. Eden Boys' approach therefore is to intervene early to ensure they make rapid progress in literacy and numeracy.

What strategies have been used to monitor and evaluate the impact of Year 7 Catch-up premium funding?

Targeted students have regular assessments in all key subjects (half termly). In addition they are routinely tested for reading ages.

What difference did the use of literacy and numeracy Catch-up funding make to outcomes for Year 7 pupils supported in 2017/18?

Reading:

Targeted boys have gone on to make good progress in their reading. This has shown itself as improvements in the reading scores and more importantly they have demonstrated good progress in end of term assessments. The strategy is continues right through to year 11. This year's GCSE results show that this strategy is working extremely well with 96% of students achieving a level 4 or better in English.

Mathematics:

Targeted boys have gone on to make good progress in their numeracy. They have demonstrated good progress in end of term assessments. The strategy is continues right through to year 11. This year's GCSE results show that this strategy is working extremely well with 96% of students achieving a level 4 or better in Maths.

What evidence does the school have of sustained performance of pupils who received Catch-up premium in previous years? (e.g. average progress score of low-attaining pupils in 2018, reading ages vs chronological ages of pupils who received support)

See above. 92% of students completing GCSEs attained a grade 4 or better in both English and maths placing the school in the top 1% of all secondary schools.

How much funding has the school received for 2018/19 Catch-up premium?

£4954.00

How will the 2018/2019 Catch-up premium funding be used?

Area of spend	Amount to be spent 2018/2019
Contribution to intervention resources	£1,200.00
Contribution to Software to support Reading and numeracy programmes	£2,000.00
Contribution to after school intervention in English and Maths	£3,231.00
Total spend	£6,431.00
